WORK EXPERIENCE

Webytes_Official   08/2024 - Present
Design Coordinator

VERGE • Haryana   01/2025 – 03/2025
Event Coordinator • Full-time

Webytes_Official • Haryana   08/2023 – 08/2024
Design crew

EDUCATION

Degree
SRM UNIVERSITY, SONEPAT   01/2023 – 12/2027

High School Diploma
St. Xavier's High school

Secured First position in Long jump Competition

CERTIFICATIONS

Python 101 for Data Science   12/2024 - Present
SRM University

Python for Data Science   12/2024 - Present
IBM

Introduction to Python   12/2024 - Present

PROJECTS

AutoAid   12/2024 - 01/2025
Desgined **AutoAid**, a comprehensive vehicle management app in Figma, focused on simplifying car maintenance, tracking expenses, and connecting users with trusted service centers. Features include an intuitive dashboard, smart service reminders, shop locator, and detailed expense tracker. Emphasized user-centric design, modern aesthetics, and interactive prototypes to enhance functionality and engagement.

Vehicle Plate Recognition Project using YOLOv11n & EasyOCR   11/2024 - 11/2024
Developed a Vehicle Plate Recognition system using YOLOv11n for real-time plate detection and Easy OCR for text

extraction. Trained YOLOv11n on a custom Roboflow dataset and implemented a post-processing correction mechanism for
improved OCR accuracy. Validated the system on video streams. Technologies: YOLOv11n, EasyOCR, OpenCV , IMutils,
Python, Roboflow.

SKILLS

- Adobe Photoshop
- Art
- Canva
- Cascading Style Sheets (CSS)
- C (Programming Language)
- Figma (Software)
- Graphic Design
- HTML
- Leadership
- Photography
- Python (Programming Language)
- SQL
- Team Management
