PROJECTS

AutoAid • 12/2024 - 01/2025

Designed **AutoAid**, a comprehensive vehicle management app in Figma, focused on simplifying car maintenance, tracking expenses, and connecting users with trusted service centers. Features include an intuitive dashboard, smart service reminders, shop locator, and detailed expense tracker.

Vehicle Plate Recognition Project using YOLOv11n & EasyOCR • 11/2024 - 11/2024

Developed a Vehicle Plate Recognition system using YOLOv11n for real-time plate detection and Easy OCR for text extraction. Trained YOLOv11n on a custom Roboflow dataset and implemented a post-processing correction mechanism for improved OCR accuracy. Validated the system on video streams.
